

SERVICE PROVIDER'S FEE DISCLOSURE UNDER ERISA SECTION 408(b)(2)

For Brokerage Windows/Accounts

Dear Responsible Plan Fiduciary,

This information is provided to help you determine whether the contracts or arrangements you have with us are reasonable, including the compensation we receive. It is also intended to disclose any potential conflicts of interest that may affect our performance. If you have any questions about this disclosure, please call. We will be glad to hear from you. You may also write to us to request information concerning our compensation that is necessary to help you comply with your Plan's reporting requirements. We will be pleased to respond within thirty (30) days of your written request. Our contact information is as follows: 28 State Street, 40th fl., Boston MA 02109 / 800-333-3502 / compliance@cantella.com.

Sincerely,

Cantella & Co., Inc.

Services

The services being provided to your Plan have been outlined in the **SCHEDULE OF RETIREMENT PLAN SERVICES** section of the Retirement Plan Account Agreement.

Status

We are providing these services to the Plan as a broker dealer. We are not acting as a fiduciary of the Plan, as defined by ERISA.

Description of arrangement between payor of commissions and Cantella

As a broker dealer, Cantella & Co., Inc. ("Cantella") is engaged in the business of effecting transactions in securities for the accounts of others. This includes facilitating the investment of Plan assets. We also ensure that the financial advisors involved in these transactions are properly licensed to do so. In addition, Cantella is responsible for the implementation of policies, procedures, and internal controls reasonably designed to achieve compliance with FINRA, SEC and state regulations, as well as other groups, such as the Department of Labor ("DOL"). When a transaction is effected, the commissions are paid from the clearing firm to Cantella, as the broker dealer, for the foregoing services.

Direct Compensation

Cantella receives compensation in connection with the services described in the **SCHEDULE OF RETIREMENT PLAN SERVICES** section of the Retirement Plan Account Agreement directly from the Plan. Cantella pays a portion of this compensation to our financial advisor(s), who is our independent contractor and financial advisor, in our capacity as a broker dealer. Cantella does not receive any compensation other than that which is described below. For example, we do not receive any compensatory revenue sharing or bonus payments from your investment providers or their affiliates. The financial advisor is responsible for representing us in delivery of the services described in the Retirement Plan Account Agreement. Generally, between seventy to ninety percent of the fee, less clearing costs, received in connection with services for your Plan are paid to the financial advisor on this Plan. In some cases, a percentage of the fee is paid to the financial advisor's branch manager. Additionally, we retain the following dollar amounts for transactions occurring in this account: For equities we retain between \$4-\$21 per transaction plus up to \$0.025 per share; for options we retain between \$5-\$18 per transaction and up to \$2 per contract. For mutual funds and unit investment trusts we retain up to \$20 per transaction; for fixed income we retain up to \$40 per transaction plus profit or loss. There is also a postage and handling fee charged for each transaction. The fee is noted on the Client Brokerage Account Fee Schedule listed below.

Clearing Firm Fee Disclosure Documents

Pershing, Raymond James and National Financial Services each have their own Fee Disclosure documents which you should review. If you have not already been provided with this document, please ask your financial advisor to provide it to you.

Compensation for the Termination of our Contract or Arrangement

See Brokerage Account Fee Schedule above for termination and transfer out fees. All fees under this Agreement are separate and distinct from any fees and expenses charged to terminate the investments held in the account. For example, information about the fees charged by mutual funds, variable annuities and exchange traded funds to their shareholders, including deferred sales charges, is described in each investment's prospectus.
